The students have to read many books especially story-books so their understanding of the people around them will be broadened and deepened. The people make this world. Understanding of the people will make one close to the society. We are born into this world to live together and love each other. Understanding the low-income-people and less-privileged people by those who stand squarely opposite to them and vice versa is the best way to bring peace and prosperity into this world. Such understanding will take place among the students only by reading stories of various kinds. Here is the collection of such stories which have characters of all natures. We have taken these stories from the text-books meant for the students in India. Of course those students might have gone through few of these stories during their school-days. But there are many stories which they might have missed in their school days. We have added many such stories which will ignite the interest of the students.
