

## Mathematics Worksheet

A. Write the number names of the followings:

1. 1105
2. 6892
3. 9629
4. 9999
5. 8458

B. Identify and write the number for each number name:

1. Six thousand seventy
2. Four thousand twenty six
3. Nine thousand two hundred forty-two
4. Five thousand five hundred fifty

C. Complete the following table:

| NUMBER OF DIGITS | SMALLEST NUMBER | LARGEST NUMBER |
|------------------|-----------------|----------------|
| 1-Digit number   | 1               | 9              |
| 2-Digit number   | 10              |                |
| 3-Digit number   |                 |                |
| 4-Digit number   |                 |                |

D. Recall the counting order and write the successor and predecessor of each number

| PREDECESSOR | NUMBER | SUCCESSOR |
|-------------|--------|-----------|
|             | 2081   |           |
|             | 5006   |           |
|             | 3695   |           |
|             | 4060   |           |
|             | 2999   |           |

using Orange coloured pencil:

E. Write the following in standard form:

| Expanded form       | Standard form |
|---------------------|---------------|
| 9000 + 400 + 60 + 7 |               |
| 2000 + 70 + 8       |               |
| 9000 + 900 + 90 + 9 |               |
| 5000 + 400 + 7      |               |

F. Express the following in the expanded form:

1. 2048 =  +  +  +

2. 9643 =  +  +  +

3. 4008 =  +  +  +

4. 3096 =  +  +  +

G. Compare the following numbers:

1320 \_\_\_ 3399

8008 \_\_\_ 2009

4321 \_\_\_ 36

5342 \_\_\_ 3542

1258 \_\_\_ 2158

3465 \_\_\_ 3645

6969 \_\_\_ 3496

2694 \_\_\_ 2699

H. Arrange the followings in Ascending and Descending order:

1. 364, 6860, 9919, 7148

2. 5826, 3070, 3961, 2473

3. 5648, 6748, 5684, 6740

4. 8439, 9379, 6439, 1379

5. 1000, 1100, 1001, 1101

NOTE: DO ALL THE SOLUTION IN YOUR MATHEMATICS NOTEBOOK ALONG WITH THE QUESTIONS.

NOTE: LEARN TABLES FROM 2 TO 15.
