About UPES

Established in 2003 through the UPES Act, 2003, of the State Legislature of Uttarakhand, UPES is a UGC-recognized university and has been accredited grade 'A' by NAAC. National Institutional Ranking Framework (NIRF), Ministry of Education, has ranked UPES amongst the top 100 universities to study in India. School of Engineering at UPES has been ranked 91 amongst 300 institutions, School of Business is ranked 46 amongst 100 institutions and School of Law is amongst top 25 institutions in India. The university has received 5-Stars for Employability (placements), Academic Development, Programme Strength, Campus Facilities and 4-Stars for overall teaching by globally acclaimed QS Rating.

UPES offers industry-aligned and specialized graduate and postgraduate programmes through its seven schools:

School of Engineering, School of Computer Science, School of Design, School of Law, School of Business, School of Health Sciences & Technology, School of Modern Media and School of Liberal Studies.

Given its industry-oriented programmes and emphasis on holistic development, UPES graduates are a preferred choice for recruiters, ensuring a track record of 90% + placements over the last few years. UPES is driven by its core philosophy and purpose of delivering outstanding student outcomes. In 2021, it has been awarded as the University of the Year-North by ASSOCHAM.

Design Your Own Degree

UPES curriculum framework is holistic in its overall structure and yet focuses on the individual need of the students to discover, experience, explore and challenge. Along with the core subject, students can choose from subject-focused specialisations. They are also allowed to choose minor/exploratory subject from other schools at UPES that are: School of Engineering, School of Computer Science, School of Law, School of Business, School of Health Sciences & Technology, School of Design, School of Modern Media and School of Liberal Studies.

The curriculum also offers Signature and Life-Skills courses through School for Life. To round off this learning experience, students are required to do mandatory internships in the social sector, government/public sector and industry.

The combinations available for students to pick and choose from are endless, ensuring both depth and width of knowledge.

Holistic Development at UPES

What is the purpose of education? Is it merely to make students employable, remove ignorance and impart knowledge? Or is it to create a better world? The seismic shifts taking place globally, necessitate action to ensure a secure and equitable future for all. Learners today are, therefore, required to be creative, collaborative and communicative. They must develop skills to solve complex problems that plague humanity, work towards equity, uplift the underserved, live healthy, happy, and productive lives. UPES School for Life (SFL)

was established with the intention to create true changemakers. Students learn to apply an in-depth understanding of attained life skills and broad-based subject competencies along with core subject qualifications to take advantage of educational and employment opportunities. This broad-based learning experience helps them evolve throughout their professional and personal lives.

The undergraduate programme at UPES offers four clearly demarcated, yet academically integrated areas, covering Core Specialisation courses, Exploratory (Interdisciplinary Electives), Signature and Life Skill courses, all of which are credited and are the basis of the degree awarded. School for Life offers the latter three selections of courses, which are structured to be read alongside the students' core academic curriculum.

EXPLORATORY

(Interdisciplinary Electives)

give students the freedom to read a variety of courses from different schools for an all-round learning experience.

SIGNATURE COURSES

include areas that are not specifically linked to a vocation and focus on 21st-century learner skills, empowering students to become global citizens of the future. It includes courses such as History and Constitution of India, Theory of Everything and Digital Transformation.

'SRIJAN' SOCIAL INTERNSHIPS

offered as part of SFL, are full-time, 8-week-long internships with social sector organisations. These internships are mandatory for all first-year students. Through these internships, the students get exposed to social sector challenges and find ways to overcome them. In the process, they build empathy and learn valuable leadership skills.

LIFE SKILL

courses allow students to pick additional skills with a focus on enhanced employability and communication, along with management and professional skills, including critical thinking, problem-solving and creativity.

Unmatched **Global Opportunities** at UPES

Semester abroad opportunity at the **University of California, Berkeley**

Student exchange opportunities at the World's Top Universities such as **University of Adelaide - Australia, University of Calgary - Canada, University of Essex - UK, IED - Italy, Taipei Medical University - Taiwan, Taylor's University - Malaysia, Universiti Sains - Malasiya, Universiti Teknologi Petronas - Malasiya, Polytech Nantes - France, Southern Federal University - Russia, National University of Kaohsiung - Taiwan** and many more

Guidance and counselling for application to various **international scholarship opportunities**

Semester abroad with a tuition fee waiver at **University Canada West**

Assistance for International Internships/ Projects

- Insightful and interactive sessions help students get a closer, more in-depth look at the sector, enabling the development of essential skillset required for a successful career.

B-School for the Digital World

Today, digital transformation is a part of every business – whether it is an established venture or an emerging start-up. Disruptive technologies are changing the way people think and operate. A decade ago, companies reacted according to the demands of the consumers.

Now, companies can predict the demands of the consumers based on the data generated by them on the internet. Forecasts reveal that the future of work will be dictated by a need for design thinking, an entrepreneurial mindset and problem-solving skills. And innovation will become crucial for businesses to adapt to this paradigm shift.

The endeavour at UPES School of Business is to provide a transformative education to prepare the next generation of leaders for a global digital economy.

The school's curriculum focuses on new technologies, which are rapidly transforming the nature of business, consumer experiences and dynamics between the stakeholders.

School of Business prepares students to adapt to disruption and the rapidly-changing workplaces. By proactively collaborating with its academic and industry partners, the institution equips learners with skills to thrive in a future driven by innovation and creativity.

Students Speak

Shivangi Arya

MBA Aviation Management

"Life at UPES consists of fun, music, athletics, sports, fests, competitions, debates, dramatics and so much more. Students can explore plenty of forums for learning and recreation on the campus."

Kevin Joseph

MBA Energy Trading

"The two years I spent at UPES were incredible. The industry exposure and niche domain knowledge that I got from my faculty, industry experts, and alumni proved to be valuable."

Aastha Anand

MBA Business Analytics

"With the knowledge of various academic concepts and other essentials of life, I learnt to work on various analytical software and coding languages. It not only gave me immense knowledge about analytics, but about life too."

Shubhangi Verma

MBA Aviation Management

"I got the opportunity to enhance my existing skills and develop new ones. I would like to thank UPES for preparing me for the corporate world."

Life @UPES

- Life at UPES is about creating unforgettable memories. It is about young learners **discovering themselves through activities** that enrich their understanding of the world.
- There are twenty student chapters – such as the **Cloud Security Alliance, the Society of Law and Literature, IEEE Branch and Moot Court Association** – and several clubs including National Service Scheme, Vultus and Sanskriti.
- Events such as **Uurja**, the annual youth festival, and **'Wow Wednesday'**, a mid-week activity for showcasing talent, bring together students from across all the schools on one stage.
- **Sports activities at UPES** give students the opportunity to compete in a fun, relaxed environment. **Students develop skills such as team spirit, patience and resilience.**
- From learning to **leisure, path-breaking innovations to life-long friendships**, **life at UPES** is a vibrant blend of everything a learner would aspire for. It is a place that brims with artists, explorers, athletes and innovators.

Enhance your well-being through sports

Become your most creative self

Accomplish fitness goals together

Create rhythms from the soul

Explore learning without limits

The Allure of Dehradun

Just a few kilometres away from the bustling yet charming city life of Dehradun, UPES campus is close to trekking trails, rock climbing and picnic spots, monasteries, water bodies, rafting and the popular hill station of Mussoorie. The mighty Himalayas and thick pine forests surround this pristine campus.

Life at UPES is nothing short of a getaway that helps liberate our students from the mundane monotones and pollution hazards of a city life.

A home away from home. A bright and fresh start. A rewarding second life.
