III. Translate the following paragraph into Malayalam :

Mama has been to the hospital quite a few times before, but she always comes back home eventually. So, when she went to the hospital this morning I thought this time won't be different. Baba even insisted that I go to football practice today as well. I've been playing for the Shooting Club in El Dokki, Giza, for almost 6 years now, so when Mama went to the hospital, Baba called the coach, captain Abdallah, and told him that she was ill. Captain Abdallah apparently told my teammates because when I went to practice they all asked if Mama was okay, to which I responded, "Yeah, she will be home soon. She has been to the hospital before, but she always comes home".
